

Teaching Progression #21 Group Reading, Individual "check-out". Student Story book  
End of year goal: longer story, sampling year's progress, reading rate and accuracy, 40 wpm  
with 98 percent accuracy by lesson 160. Words are read the fast way, without prior sounding  
out. Individual check-outs for reading accuracy and rate are done every five lessons.

L. 157

### the fat eagle

an eagle liked to eat. he ate cake and ham and  
corn. he ate and ate, and he got fatter and fatter.  
he said, "I am so fat that I can not fly."

he sat in a tree and the other eagles made fun of  
him. they said, "look at that fat, fat eagle. ho, ho."

but then a tiger came hunting for eagles. a little  
eagle sat under a tree. the tiger went after the  
little eagle. the other eagles yelled and yelled, but the  
little eagle did not hear them.

the fat, fat eagle looked down and said, "I must  
save the little eagle." so he jumped from the tree. he  
came down like a fat rock on the tiger. and the  
tiger ran far away.

now the other eagles do not make fun of the fat,  
fat eagle. they give him cake and ham and corn.

this is the end.
